The Attributes of the 3C Profiles

The attributes of the 3C Learner Profile captures the essence of each internationally minded learner at Edify World School. The development of these attributes are actively encouraged and form a vital part of both the planning and reflection processes of learning. Together, they represent the spirit of international-mindedness and the school's firm commitment to nurturing learners who understand that other people with their differences can also be right.

Empathetic: One who identifies and understands the feelings and difficulties of others and is always willing to support them.

Caring: One who shows concern and compassion for others and takes steps to help them in their needs.

Principled: One who acts with integrity and honesty and possesses a strong sense of fairness, justice and respect for the dignity of individuals, groups and communities.

Reflective: One who gives thoughtful consideration to one's own learning and experience.

Inquiring: One who shows natural curiosity and is keen to acquire skills necessary to conduct inquiry and research independently.

Integrity: One who adheres to moral and ethical principles diligently so as to act with honesty.

Balanced: One who understands the importance of intellectual, physical and emotional balance to achieve personal well-being.

Communicative: One who is able to communicate ideas and perspectives clearly and precisely.

Decisive: One who is able to make logical and clear decisions while working through issues and problems.

Creative: One who is able to create and display novel ideas resulting from originality of thought.

Problem Solver: One who is able to understand problems and provide effective solutions, thus displaying critical thinking and analytical skills.

Entrepreneurial: One who initiates new and smart strategies for events and implements them successfully.

Character Profiles

Competence Profiles

"At Edify World School, a strong belief in innovative pedagogy fuels our passion to cultivate habits of the mind in our students. As a highly collaborative learning community, we are driven by the power of inquiry, curiosity and progressive learning. We are defined by our commitment to developing a global outlook in our students, and encouraging them to be confident, internationally-minded thinkers who are at home anywhere in the world."

Making the world our own, question by question.

Awards, Recognitions & Associations

EWS has partnered with British Council Library to bring our students access to the best of books, films, and multimedia resources from across the world. Our students can use the libraries curation and information services to give their research that extra edge.

DRS International School and Edify has been awarded the "Future 50 Schools Shaping Success Recognition" as one of the TOP 50 Schools in India in the International Curriculum segment for preparing students to succeed in the 21st century.

DRS International School and Edify Group of Schools has been honoured for Developing 3C Curriculum which is a 3 Dimensional approach of imbuing character, developing and enabling and designed to bring balance between content and concept. The award is a testament to the group's pursuit of innovation.

DRSIS and Edify Group of Schools are certified by the Global League Institute, London, as Great Places to Study. 'Great Place to Study' Certification is a recognition for reaching and maintaining global standards. EWS has a strong focus on student satisfaction practices such as learning experiences, life on campus, happiness quotient etc as it has great courses, infrastructure, and faculty.

Edify World School has been honoured with the International School Award by the British Council for successfully embedding international-mindedness in the school curriculum and fostering a global outlook through the school's vision and endeavours. The award recognizes outstanding commitment to internationalism.

Why Choose PSP @ Edify World School?

Teacher-Student Ratio
Our 1:25 ratio ensures that our students experience personalized learning while still enjoying the scope of collaborative and peer learning experiences.

Professional Development
Our well-qualified facilitators enjoy a lot of Professional Development Workshops and in-house training sessions that give them an extra edge.

Learning through Inquiry
In our PSP Wing, learning is inspired and supported by rich resources and carefully designed learning experiences.

Learning Experiences
Our classrooms are dynamic learning spaces that transform with every unit of inquiry and every idea that our students bring in with them. Students, parents and facilitators enjoy bringing in artefacts and resources that provoke learning further. Open-ended activities, experimentation, and collaborative performances form the fabric of each day.

Interactive Visits by Resource Persons

Our students enjoy learning from those with varied experiences and perspectives who add on to the inquiry process with their insights and expertise. Over the years,

entrepreneurs, scientists, pilots and medical professionals have contributed to the buzz in our classrooms with their interactions with our students.

A World of Resources- Our Information & Media Center
Besides the extensive resource corners in our classroom that house books, props and resources relevant to the current unit of inquiry, our students also have access to our information & media centre that is home to more than 15,500 books, journals, encyclopedias and other multimedia resources.

Field trips: Real-World Connections
Our learning spaces extend well beyond the classroom and into the wider world. Making connections with the world at large is an integral part of inquiry-based learning at Edify World School. Field trips in every unit of inquiry keep learning relevant and significant, and help students make meaningful links with their exploration.

Parent Involvement
At EWS, parents are partners in learning. The parent community is a vital part of students' learning journeys through classroom visits, parent involvement activities, coffee mornings and through their participation in exhibitions and other learning experiences as

mentors, volunteers and guides. Home PTMs also bring parents and teachers together to support students.

Drop Everything and Read
The D.E.A.R. programme at EWS helps students kindle a life-long love for reading and lays the foundation for good taste and excellent reading habits. Our discerning young readers are supported to choose reading tasks that are not just age-appropriate but thought-provoking and challenging.

Student Wellness Programme
Health, wellness & well-being are the focus of our Student Wellness Programme. The programme helps our students meaningfully deliberate on issues concerning their health and lifestyle choices through a range of activities and learning experiences.

Our Sports Education Programme
We offer a range of sportive pursuits to help our students experience identity, active living and interaction first-hand. Students choose to learn pursuits such as Gymnastics, Karate, Swimming, Skating, Cricket, Basketball, Football, Tennis, Archery, Chess and Table Tennis as part of our extensive Sports Education Programme.

A World of Questions

Children and their natural curiosity about the world is at the heart of the PSP at Edify World School. Their existing questions and explorations of the world drive our units of inquiry and forms the bedrock on which our facilitators plan learning engagements that uniquely stimulate and challenge our **learners to discover the world on their own terms.**

Our learning and teaching practices are built around each learner's needs and recognize that meaningful and enduring learning takes place when supported by an active and responsive learning community.

At Edify World School, our PSP students experience the power of collaboration everyday, and learn first-hand, what it means to have a global outlook.

A programme model that places your child at the centre

Approaches to Learning & Teaching

At Edify World School, students enjoy a range of opportunities, activities and learning experiences that help them develop thinking skills, research skills, social skills, communication skills and self-management skills. Our teachers are trained to facilitate learning that is fueled by inquiry, driven by concepts, and differentiated to meet unique learning needs. As part of a curious learning community, children learn early on how to construct knowledge with their peers, in a shared and collaborative journey that spans across local and global contexts.

Trans-disciplinary Themes

Learning at Edify World School is integrated, conceptually driven, connected and meaningful and this is made possible by the six trans-disciplinary themes around which all learning is planned:

- Our Expressions
- World Laws
- Our Systems
- Our Responsibilities
- Our Identity
- The Place and Time

These trans-disciplinary themes unite concepts, skills and knowledge from across six subject areas in varying combinations at each grade level:

- Language
- Social Studies
- Mathematics
- Arts
- Science
- Personal, Social and Physical Education

International Mindedness

Through the PSP and the development of the attributes of the 3C Profiles, young learners at Edify World School develop a curiosity and deep appreciation for diverse perspectives and cultures, as well as the core human commonalities that underlie them.

The curriculum and our approach to learning and teaching encourages our students to become global citizens who are multilingual, and understand the need for inter-cultural understanding. Our units of inquiry also invite students to take action through global engagement in a variety of modes.

Agency

With 3C Curriculum, Edify World School firmly believes that children learn best when their capacity to make decisions about what, how and why they learn is understood and valued. Children's agency- their voices, choices and sense of ownership is honoured and celebrated in our classrooms and learning spaces.

Action

"The goal of all learning is ultimately taking action in the real world."

*-Vishwanathan Anand
Chess Grandmaster*

Our educators understand that learning does not begin nor end in isolation in the classroom- its influence and implications are far-reaching and have the potential to have real-world impacts. At Edify World School, each of our students are agents of change in their own right. Our classroom explorations regularly inspire our students to take action in the wider world through participation, advocacy, social justice, social entrepreneurship, and even life choices they make on a daily basis. In many ways, as a school, we measure the effectiveness of learning through the actions and choices our students make.

Exhibition

The PSP Exhibition is the culmination of each student's shared and personal learning journey through the five years of the Primary School Programme. The PSP Exhibition is a vibrant whole-school celebration of the tool-kit of concepts, skills and knowledge that students have acquired and mastered over the years. Students at other stages of their learning journey may also share their reflections through guided exhibitions or end of unit showcases in other grade levels.

Assessment

Both facilitators and students at Edify World School, view assessment as a process that is inseparable from active, ongoing learning that helps make teaching-learning practices more effective and informed. Our educators use a range of tools such as rubrics, checklists, anecdotal records, continuum and exemplars to assess students' learning. Students also have opportunities to assess and reflect on their own learning as well as that of their peers. Learner Synopsis Day, Coffee Mornings, and exhibitions also involve the parent community in the assessment of learning.
